

# An Introduction to THE NATIONAL SADDLE CENTRE

Founded in 1992, the National Saddle Centre has set new standards in saddle fitting and customer service. The company offers a carefully selected range of dressage, jumping and general purpose saddles for the professional and amateur rider.

*“Every horse and rider combination is unique; we take the time to listen to individual requirements, targets and ambitions. We understand each horse's confirmation and work closely with riders to monitor changes in a horse's development and advice and adjust saddles accordingly.”*

*Our mission is to provide freedom of movement and outstanding comfort for both horse and rider. Maximising the horse's biomechanical ability resulting in a successful, happy partnership.”*

*Jo Beavis*

# Testimonials

*“Jo Beavis offers a very professional, knowledgeable and dependable service. I trust her expertise completely and have found the service offered very helpful and efficient.”*

**Gareth Hughes, International Dressage Rider**

*“The service the National Saddle Centre provides is second to none. Jo takes enormous care to ensure the saddle fits each horse and is always there to offer support and after care.”*

**Ruth Edge, International Event Rider**

*“We have used and have recommended the National Saddle Centre for many years. The service they offer is friendly, efficient and knowledgeable. They have a wealth of experience and this combined with the wide range of saddles on offer gives us and our clients the opportunity to make an informed decision with supportive after sale care.”*

**Russell Guire, Centaur Biomechanics**

# Saddles

The National Saddle Centre carefully selects saddles from the world's leading manufacturers. Chosen for quality, reliability, design and performance.

## Albion

One of the world's largest manufacturers of saddles, Albion also make their own trees. Their anatomical designs incorporate the highest levels of technical engineering to maximise horse and rider performance.

## Amerigo

A saddle line created for top level performance with correct anatomical design based on equine biomechanics that protects the well being of the horse.

## Passier

One of Europe's leading manufacturers, Passier saddles are made so they can be fully adjusted to enhance partnership, perfection and performance.

## Kieffer

Generations of excellence, culminating in their unique and exclusive adjustable tree, featuring a Medico seat and all the benefits of generous wool flocked panels. Tradition for the benefit of the horse.

## Prestige

An Italian range of single and double flap close contact saddles. Manufactured in the highest quality hides. Revolutionary DI dressage, the ultimate in shoulder freedom and stability.

# Build your own Bridle
